
A: Try with `tr: echo 'l tr " " "' | xargs -L1 -i0 d2v -v0 --dir=Dump-Condor_5500_Cx_HD_Ip_Rar_1_79 --mediafire-url=` or to eliminate the pipe as well: `echo -e "l tr " " " | xargs -L1 -i0 d2v -v0 --dir=Dump-Condor_5500_Cx_HD_Ip_Rar_1_79 --mediafire-url=` Other solution (without external commands): `echo "l xargs -L1 -i0 d2v -v0 --dir=Dump-Condor_5500_Cx_HD_Ip_Rar_1_79 --mediafire-url=" | bash` You could also execute directly this script (with your information) without having to invoke bash (with echo... | bash): `echo "l xargs -L1 -i0 d2v -v0 --dir=Dump-Condor_5500_Cx_HD_Ip_Rar_1_79 --mediafire-url= 54b84cb42d`
